

# Adoption Request Form

This form must be completed before any adoptions will be finalised. Please complete all questions as honestly as possible, we may do background checks to be sure that our Rescued animals will go to "forever homes". Please note that we will not allow mixed gender adoptions unless you can prove to us that you are the current owners of Male and Female Rats living in separated cages or that 1 gender have all been sterilised. We do encourage you to adopt 2 or more of the same gender of Rats as they are social animals and need the companionship of others while you are not there.

A compulsory donation per Rat (see web site for current pricing) is administered in order to help cover the cost of vet checks and other costs associated with the care and rehabilitation of the Rats at the rescue.
